

MLA.MS.485 Hermann Thiessen (1919-)

Administrative Information

Accession Information:

The papers were transferred to the MLA by Hermann Schirmacher (b. 1967) of Leopoldshöhe, Germany, in mid-2001.

Restrictions: None.

Processing Information: Partially processed by John D. Thiesen in October 2001.

Notes: The materials were divided into sequentially numbered groupings by Thiessen. It is unclear what the significance of the numbering is. It may represent the order in which Thiessen received or acquired the materials. Some numbers are missing (75, 229, 593, 617, 736, 737, 807, 813, 823). It is unknown whether Thiessen simply skipped these numbers, or whether some papers are missing or misnumbered. A sheet from 540 is in with 454 for some reason.
