

OUR FIRST TEN YEARS: 1952-----1962

Ten years have already come and gone,  
Does it seem that long?

What in these 10 years has transpired?  
What in them have we acquired?

It was a real hot day on the 1st of June,  
When we married down the aisle in wedding tune.

It was 1952 that year the wedding day,  
10 years have slipped by, making it 1962 now.

After the wedding to each other we went,  
Driving thru the state, here our honeymoon we spent.

Thru the Black Hills and on to Yellowstone,  
But going by, the old frontier was still in sight.

So then we went down to the coast, to a charming shore,  
But none of us had ever before.

That's all it is, a beautiful day,  
I know you'll love it, I know you'll love it.

For we were married in a beautiful way,  
When a priest said "I do" to you and me.

For we were married in a beautiful way,  
When a priest said "I do" to you and me.

At St. Mary's, in a beautiful way,  
And here we were married, I know you'll love it.

For we were married in a beautiful way,  
When a priest said "I do" to you and me.

For we were married in a beautiful way,  
When a priest said "I do" to you and me.

For we were married in a beautiful way,  
When a priest said "I do" to you and me.

For we were married in a beautiful way,  
When a priest said "I do" to you and me.

For we were married in a beautiful way,  
When a priest said "I do" to you and me.

For we were married in a beautiful way,  
When a priest said "I do" to you and me.

For we were married in a beautiful way,  
When a priest said "I do" to you and me.

For we were married in a beautiful way,  
When a priest said "I do" to you and me.

For we were married in a beautiful way,  
When a priest said "I do" to you and me.

For we were married in a beautiful way,  
When a priest said "I do" to you and me.

For we were married in a beautiful way,  
When a priest said "I do" to you and me.
