

In 1927 Maria with her husband, Abram Enns followed. Then in 1929 one branch of the family Jacob with his wife Catherina settled in Brazil, because the door to Canada was closed.

The winds of death struck again in 1937 and 1938 when Henry and Dietrich, were taken away in Russia and disappeared, nobody knows how or where they died. In 1929 Anna passed away, her husband Jacob in 1973. Jacob passed away in Brazil in 1962. In 1976 Gerhard the husband of Justina died and in 1977 Abram the husband of Maria passed on. Some of the third, fourth and fifth generations have also died.

This in short is the story of two generations. Some of the third generation branches started to grow in Russia, the others in Canada and Brazil. Since 1890, when the Family tree began to grow, God cared for it and nurtured it, spreading the branches to the now fifth generation. God will continue caring for each new generation as he reminded us in Psalm 89:1.
