

=====

Husband: **Franz Franz Tiessen #465**

Born: Feb 19 1786 in: Stadtfelde/Marienburg, W.Prussia
 Baptized: in:
 Died: Feb 20 1863 in: Ladekopp?, Mol, S.Russia
 Buried: in:
 Other: >Ladekopp, Molo in: Jun 1805
 Ref: WBraeul,BHUn319 Occupation: Farmer
 Father: Franz Franz Tiesen #506
 Mother: Anna Oehmsen #507

Franz is listed in BH Unruh, p. 319 #17 as 23 years old in 1808 and living in Ladekopp. This is an excellent match with source from Walter Braeul and so I assume these are the same people. Franz came to the Molotschna from Russia in June of 1805 and are listed as Ladekopp family #17. In 1808 the family had 1 wagon, 1/2 plough, 2 harrows. 4 horses, 8 steer. Stump, p. 197 lists Franz' year of birth as 1782. It also mistakenly lists his brother Isebrandt as his son. (Jacob Thiessen lists the birthdate as Feb 12 1786).

=====

Wife: **Justina Johann Ensz #466**

Married: in:

Born: 1790 in: Neu-Muensterberg, Tiegenhoff, W.Prussia
 Baptized: in:
 Died: 1871 in: Ladekopp?, Mol, S.Russia
 Buried: in:
 Other: > Ladekopp, Mol in: Jun 1805
 Ref: BHUnruh, p.319 Occupation: Homemaker
 Father: Johann Johann Ensz #479
 Mother: Helena Penner #480

The list from Helene (Thiessen) Braeul lists the birth of Justina in 1790. BHUnruh lists an Enns family in Ladekopp with daughter Justina, age 18 in 1808, thus born in 1790. In the same migration to Ladekopp in 1805 a Franz Thiessen arrived, age 23 in 1808, being born ca. 1785/6. Helene Braeul's list has the birth of Franz Thiessen as 1786. I am assuming that Justina and Franz of Ladekopp married each other. This would match the records of Helene Braeul.
