(3) Heinrich Balzer:

(MBA) Here I am sending you a chart of a family which appears to be the H. B. you are looking for, based on the information you have given. It appears that H. B. senior was originally from the Montau (Friesen) Gemeinde & married into the Troghheimersweide (Friesen) Gemeinde. This is just a sketch, as I have not done much research on the later immigrants to the Molotschna. I will see if I can come up with anything further.
