

824. VON BERGEN, Hans (?) (endnote 412)
 b.
 d. Ladekopperfeld, Royal Prussia, Poland 1752
 may have lived near Hamburg-Altona, Germany, allegedly
 on a mountain, according to family sources*
 (although Altona was actually part of Denmark then)
 listed at Orloff, Prussia, in the farm census 1727
 (* Melvin O. Unruh & Gerhard G. Baergen, *The Baergen Heritage*,
 1725-1975; I have some doubt about this. See endnote.)
826. REGIER/REGEHR/REGGER, Jakob (endnote)
 b. Royal Prussia, Poland ca. 1735
 lived in Ladekopp, West Prussia 1787-89
 d. Ladekopp, West Prussia 18 May 1801
 m. (I) (Ladekopp?) before 1864
 (2nd m. to Catarina [ca. 1751-29 Apr 1798])

830. WARCKENTIN, Dirck (endnote)
 lived in Heubuden, West Prussia (had 6 children) 1776
 lived in Heubuden 1789
 (2nd m. to Widow Sara Dieck on 17 Nov 1778, assuming that the
 Duerck Warkentin who m. her was, in fact, the same person,
 as seems likely.)
 (Dierck Warkentin of Gurken d. 13 May 1779. He may have
 been the father of the above Dirk, but there are so many
 Warkentins in the Heubuden church register that this needs
 to be checked out thoroughly. For example, another DW d.
 25 June 1788. Three Warckentins are listed there in 1776.)
