

Note: The dates of emigration from Prussia are from Unruh, pp. 331-391. The actual dates of arrival at specific Molochna villages were recorded in the 1808 census and are found in Unruh, pp. 304-330.

The dates of emigration from the Ukraine and arrival at Quebec or New York on various ships are from volume 4 of Plett's history of the Kleine Gemeinde.

Some of the dates are based on the Julian calendar and some on the Gregorian calendar. In 1874 there was a difference of 12 days between the two.
