Peter Dalke Family. Not noted in either the Prussian nor Russian era, however, my aunt Elizabeth give his date of birth as given by Hanna Rempel. She does not give any data on any deaths.

Seven Children are listed by aunt Elizabeth.

Elizabeth	11-1-1807	This is aunt Elizabeth's grandmother.
Barbe	11-18-1809	
Ludwig	7-13-1811	
Anna	10-2-1813	
Peter	8-29-1817	
Ephraim	9-3-1819

Petronelo	6-15-1825	Died 9-22-1825

As to Ms Rempel's question about going to the Molotschna we have no information, nor do we clear record of a Peter Banman. This may be the Peter in questn. As to her question about the Peter Bahmann or Bangman - this could perhaps be due to identifying script letters with all the flourishes. Various spellings are evident Bauman, Bahman or Banmann, Bangman is completely new. Could Bangman be Baughmann? Could you throw any light on the location of Milschbude?
