

## Claassen Genealogy

39

The following Family Group Sheets show the relationship of Edward Claassen II to my father, Henry E. Dyck. His mother, Justina von Riesen, was the daughter of Abraham von Riesen, Tralau, W.P. He was a brother of David von Riesen I; therefore, Edward Claassen II was my father's second cousin. This establishes a comparable relationship with all the other corresponding descendants of David von Riesen I.

The Claassen family above lived at Whitewater, Kansas where many of their descendants still reside.
